Breakthrough in Infection Control

STERIPLEX SD CLINICAL REVIEW

The First and Only

STERIPLEX SD is the first and only *C. difficile* Sporicide, Tuberculocide, Bactericide, Virucide, & Fungicide that is fast, non corrosive & non-fuming.

One-Step Cleaner and Disinfectants Recommended by the CDC

Achieve the very highest efficacy. Clean and disinfect in One-Step.

Reduce time & labor. Proven effective in the presence of bioburden & biofilm. Replace multiple chemicals.

Zero Corrosion

Eliminate equipment and surface damage. Safely disinfect touch-screen monitors & all water sensitive equipment. No streaking. No rinse required.

360° Touchless Infection Control

Terminally disinfect every room from ceilings to floors in just minutes.

STERIPLEX SD is easily and economically applied using mops, wipes, trigger spray and mechanical spray systems.

Sold as liquid only or liquid with a secondary container wipes kit.
