- ✓ Ergonomic, compact design is perfect for medical carts
- ✓ User-defined keyboard monitoring system aids prevention of cross contamination
- ✓ Sealed surface can be scrubbed, sprayed, and wiped
- ✓ Bright white finish aids in spotting surface contaminants

KSI-1801 SX W

INFECTION CONTROL KEYBOARD

WITH AWARD-WINNING LINKSMART® TECHNOLOGY

POWERED BY SAN-A-KEY® SOFTWARE

When it comes to infection control, KSI checks all the boxes

A durable, sealed surface prevents harmful bacteria growth while providing a comfortable typing experience. Available in multiple colors, the KSI-1801 SX can be scrubbed with soap, disinfected with wipes, and sprayed with cleaners. Three levels of illumination provide a brilliant typing experience. An on-unit detachable USB makes removal from service easy, without impact to cabling bundles. LinkSmart® with San-a-Key® is an integral component of your infection prevention program and complements PPE.
