## TYPICAL APPLICATIONS

- Commercial Banking and Financial Services
- Healthcare and Pharmaceutical Industry
- Government, Military, and Public Sector Organizations
- Biometric Accountability, Approvals and Digital Signature

## SECURE SAP® LOGON AND FUNCTION REAUTHENTICATION

### DESKTOP LOGON >

Users log in using the KSI-1900 FFB security pod with integrated biometric fingerprint reader and Windows Hello.

### SAP® LOGON >

Access to the SAP® platform is controlled by biometrics and bioLock software hard coded within SAP® ABAP programming language.

### REAUTHENTICATION >

bioLock prompts users to reauthenticate, utilizing biometrics throughout the day to execute protected SAP® functions. Denied requests prompt instant email alerts.
